

Vojislav Zaja

FULL STACK WEB DEVELOPER

Passionate about problem solving and creating custom features for a website.

SUMMARY

I have 5 years of experience in Hospitality, but I longed for a change in my life and career. Before I moved to the USA I worked as a Front End Development Intern. Coding has always been my passion and that is the reason I decided to join Ironhack to improve my web development skills. My knowledge of programming languages, business operations, teamwork and flexibility, can help me to achieve and deliver, while always focused on positivity, problem-solving and conflict resolution.
